Gloss Tire Enhancer

Part/Order no:

RXSOL-41-4109-25

RXSOL-41-4109-210

Packing

25 Ltr

210 Ltr

Uses:

FOR INDUSTRIAL & INSTITUTIONAL USE ONLY.

Introduction:

This highly concentrated quick drying rubber dressing is recommended for re-newing the appearance of tires, floor mats, and other rubber and plastic trim used on automobiles and trucks. It provides a temporary waterproofing to these surfaces which will not wash off in rain or with water alone.

Application:

The concentrated rubber dressing may be applied as received, undiluted for maximum luster, or diluted with 3 parts water for economy. Surface to be treated with rubber dressing should be cleaned and degreased with a good, industrial strength product, rinsed well with clear water, and allowed to dry completely. Apply product with a trigger sprayer, pump-up sprayer, or a sponge. Allow to air dry. Repeat procedure for higher gloss.

Note:

CAUTION:

Protect product from freezing. Do not ingest. If this does occur, drink large volumes of water. For eye or skin contact, flush area with clear water for 15 minutes. Keep container sealed when not in use to prevent contamination. Rinse empty container before discarding in an authorized landfill site. Keep out of the reach of children, Do not ingest.
